Instructions for Use

Knowing who you're dealing with, not only makes you safer, but allows you to focus on the prospects you can help. Print out this sign on cardstock or print it on regular paper and attach it to cardboard to make stiffer. Place it next to your sign-in sheet or device.

Having this sign displayed will encourage people to show you their IDs and make it easier for you to ask if they don't. Never be reluctant to ask for identification. If you can't cash a \$20 check at the store without showing identification, why should people enter an open house without proof of identity?

You may wish to use your phone or tablet to take a picture of the ID and send it to your office.

The most important thing you do is making sure you go home safely at the end of the day!
